

SUMMARY DESCRIPTION OF A HEALING HUB

A triage approach to healing (spirit, soul and body), using medical science in combination with the Truth of the Scriptures and Biblical principles of nutrition and rest.

Vision: To bring healing and restoration to people in spirit, soul and body, to spark a revival in the body of Christ/Yeshua and a transformation of medicine (healthcare) back to the intention of Abba Father, all of which ultimately results in an awakening and preparation of the Bride for the coming of the Messiah.

Mission: Discipleship from lifestyle/practical demonstration that takes people on a journey of repentance and sanctification with teaching that uses medical science in combination with the Truth of the Scriptures and including a Godly, Biblically based lifestyle of nutrition with live, organic foods.

Mission Statement: To Know Him, To Become like Him and To Make Him Known

To Leave Behind a Legacy of His Love

The Process by Which a Person with a Spiritual Bondage, Psychological Illness or Physical Disease is Helped at the Healing Hub:

There are lodges on the property where the person can stay whilst going through the following process:

1. **MEDICAL ASPECT:** The person is seen if necessary, by a Christian medical doctor who works full time on the healing hub site who:
 - I. Physically examines and does appropriate medical investigations to establish the diagnosis if it is not already made.
 - II. If absolutely necessary, puts the person on medication temporarily to keep them in a place of safety (for example if a person has a blood pressure of 200/120, there is no time to deal with the spiritual strongholds causing it or use a nutritional detox, the blood pressure needs to be brought down asap to prevent a stroke or heart attack or other life threatening complications).
 - III. At the initial consultation, the doctor also 'takes the mystery out of the disease' by explaining from a medical and Biblical perspective how and why the disease developed.
 - IV. As the person continues with their journey of healing (renewing the mind/dealing with spiritual issues and establishing a new Biblically based nutritional lifestyle) – they are monitored by the doctor at appropriate intervals where medical tests are done to monitor progress.
 - V. When there is physical evidence of healing, the doctor reduces the medication until it is no longer required.
2. **MINISTRY:** Then the person is referred to a 'medical ministry coach' (MMC) who ministers to and disciples the person to help them overcome the spiritual roots and poisonous mind-sets behind the disease or bondage they have. This typically takes about 2 weeks. Apart from healing and freedom from the specific problem they are presenting with, this ministry and discipleship process is also aimed to accomplish the following:
 - 1) Bring the person into a closer, deeper **love relationship with Abba Father** and to get to **know Him** and His character more clearly and intimately (Phil 3 v 10; Ex 33 v 13).
 - 2) Help the person **discover and walk in their God given destiny** (Ephesians 2 v 10) and **possess the fullness of their birth right** through:
 - Restoring and building a wholesome, solid **identity** and self-esteem that is firmly rooted in the knowledge of who you are in Jesus/Yeshua the Messiah.
 - **Teaching, ministry and discipleship** from both a **medical and Biblical perspective** that takes them on a journey of **repentance and sanctification** in order to:
 - I. **Overcome the spiritual bondages** that lead to **spiritual captivity, psychological illnesses and physical diseases** through **restoring their relationship with God, themselves and others** and **applying God's Biblical/Kingdom principles** - so that they can **possess and enjoy the abundant life of John 10 v 10** that Jesus/Yeshua came to give us, including living in **divine health and wholeness in spirit, soul and body** (3 John 2; 1 Thessalonians 5 v 23)
 - II. **Mature spiritually and become more and more like Jesus/Yeshua** (from glory to glory to be moulded into His image – 2 Corinthians 3 v 18) and **to be fruitful** in Him through developing the qualities of His character (i.e. the fruits of the Holy Spirit) in their character as well as being fruitful in their relationships and everyday life so that they can fulfil their calling, purpose and destiny which involves making an impact on the lives of others and in eternity.
 - 3) **To restore families and marriages** back to the Biblical model by:
 - Equipping fathers to take their place as the king, priest and spiritual leader of the home (restoration of families leads to restoration of nations).
 - Equipping women to walk in the full revelation of their identity as virtuous Proverbs 31 women.
 - Through dealing with relationship breakdowns and the background generational iniquities and spiritual bondages that lead to this in the above ministry and discipleship process, marriages are restored.
 - Bringing healing from previous wounds and relationship breakdowns between fathers/mothers and their sons/daughters through the above teaching, ministry and discipleship.

Malachi 4 v 6: "His preaching will turn the hearts of fathers to their children, and the hearts of children to their fathers. Otherwise I will come and strike the land with a curse".

- 4) To come **to know Jesus/Yeshua personally and intimately** not only as their Saviour but also **as their Bridegroom** and through the process of repentance and sanctification, to **be purified and prepared as His Bride so that they can be ready for His very soon coming return.**

In summary: To Know Him, To Become Like Him and To Make Him known

3. **NUTRITION:** Then the person is taught how to establish a **healthy, Godly, Biblically based lifestyle of nutrition** through:
- I. Teaching of Biblical principles of nutrition.
 - II. Practical teaching classes that include demonstration of juicing and making recipes with live, raw fruits and vegetables, and organic foods to sustain and maintain this new lifestyle and way of eating.
 - III. A 'one stop shop' in healing hub that provides everything required for a healthy, Godly, Biblically based lifestyle of nutrition:
 - i. Material - recipe books and DVDs with demonstration of making different recipes
 - ii. All the equipment required to live a healthy nutrition lifestyle e.g. juicers, dehydrators, water filters etc.
 - iii. Organic foods that are not always easily available e.g. nuts, seeds, superfoods etc.
 - IV. Teaching/training in organic farming techniques and design of land to produce in abundance (a modern day equivalent of the Garden of Eden) with the demonstration and model example of the implementation of these techniques on the healing hub to establish this in their own households/communities if they have the interest to do this.
 - V. They are assigned an individual program suited to their personal needs that includes the following 3 stages:
 - i. A period of detox (7 days to 6 weeks) – vegetable juices
 - ii. A transition period – vegetable juices, fruit smoothies and whole fruit
 - iii. Lifestyle maintenance program
 - VI. They are provided the opportunity to come and stay at healing hubs for 2 to 6 week periods to get away from the business and distraction of their everyday life – to provide a peaceful and constructive environment to go through a nutritional detox with juicing etc.
4. **EXERCISE:** The person is equipped to maximize body strength, fitness and health by establishing a personal, **individual program with most effective exercise techniques** in gym on healing hub.
5. The person is also taught about **Biblical principles of rest.**

Education and Training involved in Healing Hub

The following people are trained and equipped to help others with these principles and develop healing hubs in their own communities:

1. **Pastors, their leadership, those in various levels of counselling/ministry and anybody in the body of Christ with a heart for the healing ministry**, to effectively minister to people in order to help them overcome spiritual bondages, psychological illnesses and physical diseases - we refer to these people as 'medical ministry coaches' (M.M.C).
2. **To equip doctors and other professionals in the various fields of healthcare** to be more effective in eradicating physical diseases and psychological illnesses by practicing medicine based on Biblical principles and thus restore a Godly remnant in medicine who provide healthcare according to the original intention and design of Abba Father.

The training is based on medical science in combination with the Truth of the Scriptures and Biblical principles of health - and consists of the following stages:

- **Theoretical teaching and training via an online correspondence course** where they have a chance to absorb the detail of the material and teaching. This correspondence course is divided into 3 modules:
 - I. Module 1: The general foundational principles of health and disease from both a medical and Biblical perspective.
 - II. Module 2: The different spiritual strongholds and poisonous mind-sets behind diseases – how they affect the body, the different diseases they cause and how to help a person overcome them.
 - III. Module 3: An introduction to Biblical principles of nutrition and rest.
 - IV. Module 4: Optional: Establishing a Biblical model of organic farming (*this module is still to be put together*).
- **Practical training:** this is done at the healing hub whereby people come in 3 groups, with each group consisting of 16 people for a 2 week period where they stay in the lodges on the healing hub.
 - I. **Practical training 1** (after completion of module 1): teaching and coaching on the
 - Different spiritual strongholds and poisonous mind-sets behind diseases – how they affect the body, the different diseases they cause and how to help a person overcome them.
 - Receiving ministry to overcome the different spiritual strongholds and poisonous mind-sets in their own lives.
 - II. **Practical training 2** (after completion of module 2 and 3):
 - Practicing applying the principles learnt in module 1, module 2 and practical training 1 – by ministering to people with various spiritual bondages, psychological illnesses and physical diseases, with the oversight, help and guidance of the experienced team who work full time on healing hub.
 - Practical teaching classes that include demonstration of juicing and making recipes with live, raw fruits and vegetables, and organic foods to sustain and maintain a healthy, Biblically based lifestyle and way of eating.
 - Teaching and training to establish **organic farming techniques and design of land to produce in abundance** (a modern day equivalent of the Garden of Eden).

After completing all the modules and practical training, the person receives a certificate which registers them with the medical ministry network (MMN) described below and enables them to work in healing hubs, teaching ministry hospitals or just apply these principles within their own ministry or work environment.

The long term goals and impact of this training is:

3. **Revival in the medical field:** For the healing hubs to become a 'light on a hill' i.e. a shining **testimony to the nations of the world of the blessing that comes and the fruit of practicing medicine God's way based on Biblical principles**. In the healing hubs, medically documented records of healing will be collected to be published in medical journals as a testimony to the medical community of the effectiveness of practicing medicine based on Biblical principles according to Abba Father's original intention and design.
4. Through repentance and sanctification to start a **revival within the body of the Messiah** as people remove 'luke warmness'/compromise and grow in intimacy with Abba/Yeshua, increase in spiritual maturity, spiritual authority and fruitfulness
5. Local churches/ministries become more relevant and effective in their communities.
6. Draw people into an intimate love relationship with Abba Father and give them a greater hunger and desire to know Him and apply His Word in their lives (i.e. it becomes an **effective form of evangelism**) as word spreads about how people are being effectively helped and set free of spiritual, psychological and physical diseases and bondages – and equipped to live a fruitful, abundant life.
7. **Building and establishing an efficiently functioning global medical ministry in healing hubs and teaching ministry hospitals:** To raise up a trained, equipped and competent army in the body of Christ that is able to effectively use the principles taught in the greatest medical text book ever written (i.e. the Word of God) which has the capacity to heal incurable diseases and broken lives; to preach the gospel of good news to the meek, the poor and the afflicted, to heal the broken hearted, bring recovery of sight to the blind and set the spiritual and physical captives free (Isaiah 61 v 1).

The medical ministry network (MMN)

On the healing hub, in the library and ministry rooms are computers (or access on their own laptops/computers with a password code) – people have access to the MMN which will serve the following purposes:

- 1) **An online university and massive library/resource of all the information** used in the various aspects of Eagles' Wings ministry, the healing hubs, teaching ministry hospitals and associated individuals, organisations and ministries.

This massive library of information will be structured in a user friendly way so that a person can easily navigate through it in order to obtain the relevant information that they need in a format most suitable to them – and which uses latest technology and various forms of media (e.g. short teaching video clips, cartoons, multiple choice questions to high light important points/concepts etc.) to make it alive, dynamic, interactive and fun to learn in the process.

The MMN will provide **information from both a medical and Biblical perspective about the how and why specific diseases develop and how to use Biblical principles to overcome the spiritual strongholds and poisonous mind-sets behind that disease** – in 3 different formats to serve the following 3 categories of people:

- I. **Laymen/any person needing help with a spiritual bondage, psychological illness and/or physical disease** - will be able to access this website with links that guides them to understand what caused the problem and how to overcome it – whereby the information is explained in simple way that is easy to understand, even if they have no medical background.
- II. **Those who minister to others** (i.e. people who work as medical ministry coaches in the healing hubs/teaching ministry hospitals, pastors, spiritual leaders and those in various levels of counselling and ministry) to help people overcome spiritual strongholds behind psychological and physical illnesses – they will be able to access this website with links that guide them through the relevant information that causes a specific disease and how to overcome it – whereby the information is structured in the format of protocols/guidelines for ministry.
- III. **Doctors and various healthcare professionals in the medical field** – will be able to access this website with links that guide them through the relevant information that causes a specific disease and how to overcome it – whereby the information is structured in the format useful to medical professionals including links to medical research/medical journals that back up the principles taught.

The MMN will also provide **information from a medical and Biblical perspective on nutrition**, including:

- I. Teaching on general principles of nutrition from a medical and Biblical perspective.
- II. Different nutritional programs to help people recover from different types of diseases and transition to a healthy, Godly, Biblically based lifestyle of eating.
- III. Recipes and video clip demonstrations to make meals consisting of live, raw fruits and vegetables, and organic foods
- IV. The different aspects of organic farming and designing land to produce in abundance.

- 2) The MMN will serve as a form of **global networking**:

- a. **Patients** (i.e. people who require assistance with a spiritual bondage, psychological illness or physical disease) will be able to seek help via the medical ministry network where they are then referred to the closest healing hub, teaching ministry hospital or trained minister (MMC) and/or necessary doctor/medical professional who operates by these Biblical principles.
- b. **Networking medical professionals globally** who operate by these principles, providing a platform for sharing of relevant research/revelation, an efficient referral system as well as consulting each other for advice e.g. a G.P consulting a nephrologist for more spiritual and medical insight into a specific kidney disease etc.
- c. List and links to all healing hubs in different areas/countries and a platform for **hub to hub communications**.

GLOBAL NETWORKING OF HEALING HUBS:

The goal is to establish a model healing hub on each continent:

1. Idaho in North America
2. South America
3. Europe – UK or Switzerland
4. Israel – for middle east
5. Singapore (gateway to many other countries in east)
6. Australia
7. Zimbabwe for Africa
8. China or Philippines as a possible number 8

*Exactly where each of these 7 or 8 key strategic international model healing hubs will be is not yet confirmed.

Each strategically placed model healing hub will service people coming as patients for healing or training from that continent – and serve as the main model hub where people can come and learn to establish their own hubs on that continent.

The healing hubs in Zimbabwe and Idaho will be the first hubs to be built and will future will be the main model hubs that provide support to the other 5 or 6 global model hubs. Each model healing hub in turn will provide support to other hubs established on the same continent.

METHODS OF PROMOTION FOR HEALING HUBS:

1. **Conferences and distribution of books and DVDs with teaching of these principles of health from a medical and Biblical perspective** – introduces and spreads the message of this Biblical approach to diseases into communities and countries which:
 - I. Results in people with spiritual bondages, psychological illnesses and physical diseases receiving a measure of help, ministry and freedom at the conference or from the material – but are also made aware of the opportunity to seek further help, ministry and discipleship via the medical ministry network where they can then be referred to the closest healing hub.
 - II. Conferences serve as a ‘fishing net’ to identify individuals who have a heart and God-given calling to take part in the various aspects of this medical ministry within their communities and to take part in the training.
2. **Discipleship from Lifestyle:**
 - I. Word tends to spread fast through communities via word of mouth as people spread the news of how they have been healed, restored and set free. For example, who wants to stay on chronic medication for a disease when they hear of a place where you can completely eradicate the disease?
 - II. The practical demonstration/example of the health and fruitfulness of the people and the land of the healing hub will inspire and draw people to want the same for their lives and communities.

YOUTH GROUPS AND OUTREACH TO LOCAL ORPHANGAGES, OLD AGE HOMES AND PRISONS:

- **Orphanages and Youth Group :**
 - Nutritional needs supported by the overflow and abundance of food produced by the permaculture and organic farming on hub.
 - Spaces will be allocated in healing hubs for children in the orphanages to receive discipleship and ministry by medical ministry coaches and in practical 2’s by those who are training to become MMCs.
 - Incorporating the orphans as part of youth groups.
 - Youth Group in healing hub – to provide a Biblical foundation and discipleship to youth (where the principles of the medical ministry network are also incorporated/applied) to produce spiritually mature young adults who are walk in health and wholeness in spirit, soul and body (preventing diseases and bondages down the road) and who in turn become key leaders who further impact the lives of others in their community.
- **Old Age Homes:**
 - Nutritional needs supported by the overflow and abundance of food produced by the permaculture and organic farming on hub (according to the instruction in the Word to look after the widows and orphans (James 1 v 27).
 - Spaces will be allocated for the healing hubs to receive discipleship and ministry by medical ministry coaches and in practical 2’s by those who are training to become MMCs.
 - The elderly will be involved in the healing hub where they will be offered the opportunity to be trained and equipped with the principles of the medical ministry so that they can fulfil their individual God given purpose and calling (instead of retiring and dying prematurely of diseases, when they are in fact at the prime of their lives, where they are ready to step into their destiny and possess the fullness of their birth right). After being trained, they would then use the knowledge from the training of the medical ministry training course as well as the years of wisdom and experience they have to be part of the team of ministers (medical ministry coaches) who help people needing healing and freedom from spiritual, psychological and physical diseases and bondages.
- **Prison ministries** – to go into prisons and establish the following:
 - Bible schools that involve foundational teaching and discipleship from the Bible as well as the medical ministry training course.
 - Discipleship and leadership training to raise up spiritually mature inmates who in turn become mentors to younger/new inmates.

- Teaching of skills so that the prisons become productive industries that are self-supporting (growing their own food, vegetables etc.) as well as producing useful products to support the orphanages, old age homes as well as surrounding communities.

Matthew 25 v 35 – 40: "I was naked and you clothed me, I was sick and you visited me, I was in prison and you came to me. Then the righteous will answer him, saying, 'Lord, when did we see you hungry and feed you, or thirsty and give you drink? And when did we see you a stranger and welcome you, or naked and clothe you? And when did we see you sick or in prison and visit you? And the King will answer them, 'Truly, I say to you, as you did it to one of the least of these my brothers, you did it to me.'"

HOMESCHOOL:

There will be a Biblically based home school program on the healing hub, for the children of staff working in hub, that incorporates:

1. Biblically based – Scriptural principles/lessons incorporated in every subject. Providing a thorough Scriptural foundation and knowledge of the Word of God through memorizing large portions of Scripture (in small sections over time) and subjects teaching background/history of Bible, Hebrew lessons to understand and crack open revelation of Scripture, thorough teaching on important subjects of Bible e.g. fruits of Spirit, faith, Character of Abba Father, the love walk, forgiveness, how to live with peace and joy that is not shaken by circumstances or peace instead of fear and anxiety, redemptive gifts, His feasts etc.
2. The teaching of the medical ministry training program (learning about and dealing with generational iniquities and spiritual strongholds, overcoming them through renewing of the mind according to the mind of Christ – doing this at an early age prevents diseases and bondages down the road, allowing the child to grow in spiritual maturity into their God given identity and destiny).
3. Important Biblical everyday lifestyle skills e.g. Biblical principles of financial management, Biblical principles for fruitful, rich meaningful relationships, Biblical principles of nutrition, participating in nutritional teaching classes on hub learning to make recipes with live raw foods (fruits, vegetables, essential oils, organic foods) and managing the land according to Abba Father's design with organic farming techniques (e.g. experiencing the joy of planting and growing fruits and vegetables (also used as a teaching tool/analogy for fruitfulness related to spiritual principles), learning and experiencing participating in fish farming, worm farming, compost, animals on land etc).
4. Generating a heart for the poor through participating in outreaches to orphanages, sick children in hospitals etc.
5. Ensuring exposure to a full range of extracurricular activities – sports, music, art etc.

Once this Biblically based education program has been completely developed, it will be incorporated into schools that will later be built.

MODEL OF TABERNACLE:

On the healing hub there will be a model (to scale) of the Tabernacle to serve as a teaching tool for the medical ministry training program, the children in the home school and people who come to healing hub for healing and restoration. The Tabernacle is a blue print for how Abba Father designed the human body, how to live a Tabernacle lifestyle, a pattern of Biblical principles to be fruitful in finances, live in divine health, management of business and other important areas of life.

SHEPHERD'S REST:

The lodges on the healing hubs and peaceful environment of the beauty of nature provides a place for spiritual shepherds to come and rest, and have times of refreshing in Abba Father's presence. Also for them to have a safe place to receive ministry, healing and support when they themselves are wounded, burnt out and needing help and encouragement.

LINEN FACTORY:

Another goal on healing hubs is to grow organic flax and develop a small scale factory that produces linen clothing, underwear, night clothes, bed linen etc. to clothe the Bride of the Messiah – because of its significance spiritually and healing properties (www.lifegivinglinen.com).

BIBLICALLY BASED MODEL OF ORGANIC FARMING – A MODERN DAY REPLICA OF THE GARDEN OF EDEN:

- Design of land to produce in abundance
- Permaculture models of food forests – production of widest possible range of fruits, vegetables, nuts, seeds, essential oils etc. required for a healthy, Biblically based, Godly nutritional lifestyle that maximizes health and vitality.
- Organic chickens, cattle, sheep, horses, rabbits etc. that works in synergy with organic food forests to maximize productivity.
- Fish farming
- Worm farming
- Organic composting
- Natural water sterilization
- Soil and water restoration with microbes, biological ionization, structured water, orgone energy
- More to be added...

The purpose of the organic farming on hubs:

- To provide mineral rich, high quality organic food to:
 - People coming for healing of illnesses on hubs and who are going through nutritional detox program.
 - People coming to stay at healing hubs to participate in medical ministry training program.
 - Staff members of healing hub.
 - Local orphanages, old age homes and prisons.
 - For sale to give general public access to high quality food and finance generated to fund the work of the healing hub.
- To provide a model example of organic farming as a teaching tool for:

- People participating in the medical ministry training program and those who want to learn to develop organic farming programs and healing hubs in their own communities.
- Teaching the children in the healing hub home school.
- To empower the poor to come out of poverty and enable them to develop their own communities through implementing these organic farming programs based on Biblical principles to feed themselves as well as having a surplus to feed the community and support themselves financially.
- Eventually to become a 'model light on a hill' to challenge and inspire the nation to adopt the same techniques.

HEALING HUBS TO BE SELF-SUFFICIENT AND SELF-FUNDING

The healing hubs will be developed such that they will be self-supporting and self-sufficient.

- All buildings and organic farming equipment – completely solar powered.
- The sale of material, conferences and food produced by organic farming to fund the work of the Kingdom and rest of ministry activities in hub.
- The services of the healing hub will be given to people freely out of love and with no set official charge – allowing them to give a financial gift based on their individual capacity and leading of the Holy Spirit.

PSALM 50 V 10: CATTLE PROJECT AND “THE GIFT THAT KEEPS ON GIVING”:

Psalm 50 v 10: “For every beast of the forest is mine, the cattle on a thousand hills.”

On healing hubs, herds of cattle will be built up – the sole purpose of which is to fund the work of the Kingdom and the rest of the ministry activities in the hub.

Money given by individuals and organisations who desire to sow financially into the work of the Kingdom and ministry of the healing hubs – will be allocated to buying cattle. This original capital that they sowed will never be used – only the profit generated from it. In this way it becomes the “gift that keeps on giving” as the original capital is continually turned over by buying more cattle and generating more profit. There will be 100% integrity, transparency and accountability to the individuals who sow into this project – and they will be regularly updated/given feedback on how the money generated was used for the work of the Kingdom and specifically how people were impacted and helped as a result.
